Quality of life
for you and your
family...

Nestled in the heart of the Dawson Valley, two hours from a major city centre, is a wondrous landscape of sage and auburn hues backdropped with clear blue skies. Cockatoos screech overhead and cows graze contentedly. At night, the magic lights of the mines twinkle as you approach the unique township of Moura. Moura is a thriving regional town, home to some two thousand people supported by a range of primary industries. It is known for its coal and gas, cotton, wheat and beef cattle. This township prides itself on its strong community spirit and 'Can Do'* attitude. Moura is located in Banana Shire on the Dawson Highway and is only 180kms southwest of Rockhampton, 210kms from the beautiful Capricorn Coast and Keppel Islands and 586 kms north-west of Brisbane.

many attractions...

From the heights of the mines to the plains of cotton and cattle farms, Moura boasts many sights to see. There are first class amenities and services located in Moura, including quality education facilities from kindergarten to Year 12, a hospital with health support services, and an abundance of parks and sport and recreation clubs. Families can enjoy team sports, a beautiful pool facility or peaceful picnic spots at the river just down the road. There are wide open spaces for horse riding, 4WD, motorbikes, fishing and golf. Cania and Carnarvon Gorges with their towering sandstone cliffs, both easy driving distances from Moura, are a major attraction to campers and hikers.
